STEP 3. CALCULATE YOUR TUITION AND FEES

Use this sample worksheet below to calculate your estimated tuition and fees for the courses selected.

1. Total Credit Hours x \$273.00 (for general studies courses) = **Base Tuition 1**
 Total Credit Hours x \$333.00 (for healthcare based program courses; i.e. NUR, RAD, SUR) = **Base Tuition 2**

_____ x \$273.00 = \$_____ = **Base Tuition 1** (plus +) _____ x \$333.00 = \$_____ = **Base Tuition 2**

2. The Sum of **Base Tuition 1 & 2** + Estimated Fees (based on published rates in course bulletin and catalog) = **Estimated Cost***
 \$_____ + \$_____ = \$_____

3. Payment which is due by May 19, 2017 can be made in the Business Office, over the phone via credit card, or online via Sonis under the billing tab for the 201617 year Summer term.

**Estimated cost. This does not include books and other applicable fees and is not inclusive of financial aid, loans, or scholarships. Book costs can be found online at <http://bookstore.mbsdirect.net/carolinascollege.htm>.*
